- G 200
- H 180

11. The following four tables are based on different rules for input-output.

Table 1

Table 2

Table 3

Table 4

Input	Output	Input	Output	Input	Output	Input	Output
2	8	1	6	1	5	0	0
4	16	2	8	3	9	5	10
6	22	3	9	5	13	10	30

Which table follows the input- output rule, “Double each input and add 3 to get the output”?

- J Table 1
- K Table 2
- L Table 3
- M Table 4
